Phone: 303-492-5705
Address: 421 UCB
City: Boulder
State: CO
Postal Code: 80301-2628
Country: USA
Comment:
Requested: 2017-08-22 18:31:44

A RiverWare Viewer license activation key with instructions will be emailed to you. Follow the instructions to create the Viewer license file for your computer. If you need further information, email RiverWare license/install support at installsupport@colorado.edu

GENERAL INFORMATION:

RiverWare Viewer is a "read-only" version of RiverWare. It allows users to open and view the results of model runs, but not to build, modify, or run models. Viewer is generally for someone who is working with an agency or a group who has already developed a RiverWare model. Its purpose is so that people who do not own a fully functional license can view the result of model runs. Viewer licenses are offered to users at no cost.

A Viewer license file is required to run RiverWare as a Viewer version. Each license is issued for a specific computer. This means the license only works on the computer where the license file was issued for. A Viewer license file is created by activating a "Viewer License Activation Key" over the internet on a specific computer which will be used for running RiverWare Viewer.
